

November 18, 2009

For Immediate release: Pacific Coast Fabrics is pleased to announce that ITNH, of Manchester, New Hampshire, has been named as Eastern US Distributor of our entire line of Premium Digital Print Fabrics. ITNH will be stocking inventory on all the most popular styles.

"By combining the talents and dedicated sales professionals of ITNH with Pacific Coast Fabric's quality products, we enable our many fine fabrics to be warehoused and shipped more efficiently and economically to the Eastern United States." Brian Vieweg, President of Pacific Coast Fabrics

ITNH, Inc. is a leading provider of digital print solutions for textile, dye-sublimation, industrial and UV curable applications. With a strong focus on customer service and support, ITNH is committed to providing industry-leading equipment and consumables to meet and keep pace with the demands of today's applications.

"Standing by our promise to research and deliver the best products in the market, our partnership with PCF offers our customers just that – top quality fabrics for all digital print environments." ITNH

Pacific Coast Fabrics is excited by the addition of ITNH to the PCF family and looks forward to the opportunity to continue providing the highest standards of customer service and quality textiles.
